Philadelphia, PA

Bachelor of Science in Economics, concentration in Finance

May 2021

- GPA: 3.8/4.0; graduated with honors
- Relevant coursework: Corporate Finance, Financial Accounting, Econometrics, Valuation

EXPERIENCE

Thornholme Energy, Corporate Development

New York, NY

Senior Financial Analyst

Jul 2023 – Present

- Built the model and valuation for a \$220 million acquisition of a solar developer, approved by the board in 2025
- Screen 30 to 40 potential targets a year and write the one-page summaries the CFO uses to decide which to pursue
- Coordinate diligence with outside counsel, accountants and three internal teams on deals of \$50 million to \$250 million
- Track integration targets for two acquired businesses and report progress to the CFO every quarter

Harlan Quay Capital Partners

New York, NY

Investment Banking Analyst

Jul 2021 – Jun 2023

- Worked on five closed deals worth \$1.6 billion, including two sell-side processes for industrial companies
- Built three-statement models, comparable company analyses and merger models for client pitches and live deals
- Drafted sections of offering memoranda and managed data rooms with over 2,000 documents
- Prepared buyer lists and handled first calls with about 60 potential buyers on one sale process

Harlan Quay Capital Partners

New York, NY

Investment Banking Intern

Jun 2020 – Aug 2020

- Prepared industry research and trading comparables for two healthcare services pitches
- Built a database of recent deals in physician practice management for the group's senior bankers
