# Priya Shah

Seattle, WA | (206) 555-0119 | priya.shah@example.com | priyashah.design/work

## SUMMARY

Product designer with four years of experience in health and consumer apps. I run my own interviews, prototype in Figma, and work closely with engineers until the feature ships. Most proud of work that made complicated forms feel short.

## EXPERIENCE

**Product Designer** Mar 2024 – Present
*Wrenfold Health* *Seattle, WA*

- Redesigned the patient intake flow from 14 screens to 6, raising completion from 61% to 83% in the first quarter
- Ran 22 interviews with clinic staff and turned the findings into a shared research library the team still uses
- Built a Figma component library with the front-end lead that cut design-to-build handoff time by about a third

**UX Designer** Jul 2022 – Feb 2024
*Larchpenny Studio* *Seattle, WA*

- Designed mobile checkout for a regional grocery chain, which lowered abandoned carts by 12% after launch
- Led usability tests with 40 participants across five client projects and wrote the findings for each client
- Mentored two design interns through their first shipped features

**Design Intern** Jun 2021 – Aug 2021
*Carrowmere Transit Authority* *Tacoma, WA*

- Sketched and tested new bus stop signs with riders at three busy stops, and the agency adopted two of the ideas

## PROJECTS

**Wayfinding for Pine Street Library** | *Research, signage* Oct 2023

- Volunteered to map how visitors get lost and designed floor signs that reduced front desk direction questions by half

**Habit tracker concept** | *Figma, ProtoPie* Jan 2023

- Designed and tested a habit app for shift workers, written up as a case study with 4,000 reads on Medium

## EDUCATION

**Pacific Crest University** Seattle, WA
*Bachelor of Fine Arts in Interaction Design* *Jun 2022*

## SKILLS

**Design:** Figma, ProtoPie, Adobe Illustrator, design systems
**Research:** Interviews, usability testing, surveys, Dovetail
**Collaboration:** Jira, Notion, basic HTML and CSS
