SUMMARY

PMP-certified project manager with eight years leading IT and operations projects of up to \$4M for health care and logistics companies. Comfortable with both Agile and waterfall teams.

EXPERIENCE

Pecanwood Health System

Dallas, TX

Senior Project Manager

Feb 2022 – Present

- Led a \$4M patient scheduling system rollout across 14 clinics with a 22-person team; went live on schedule and 6% under budget
- Set up the project intake process and status reporting that the PMO now uses for about 30 projects a year
- Run weekly risk reviews with IT, clinical and finance leads and report status to the executive steering committee
- Coach three junior project managers on scheduling, vendor contracts and stakeholder updates

Brindlewood Freight Systems

Fort Worth, TX

Project Manager

Aug 2018 – Jan 2022

- Managed the move of two warehouses to a new management system with no missed shipments during cutover
- Delivered 11 Agile releases of the carrier portal with a team of eight developers in two-week sprints
- Negotiated the scope and payment schedule with the software vendor and kept change orders under 5% of contract value

Brindlewood Freight Systems

Fort Worth, TX

Operations Analyst

Jun 2016 – Jul 2018

- Tracked on-time delivery for 120 carriers and built the weekly scorecard used in carrier reviews

EDUCATION

Trinity Plains University

Denton, TX

Bachelor of Science in Information Systems

May 2016
