SUMMARY

Licensed pharmacist with five years in community and ambulatory care, focused on diabetes and anticoagulation. Board Certified Ambulatory Care Pharmacist.

EXPERIENCE

Oak City Health Partners

Raleigh, NC

Ambulatory Care Pharmacy Specialist

Jan 2024 – Present

- Manage about 180 patients on warfarin and DOACs under a collaborative practice agreement with four physicians
- Started a diabetes visit for patients with an A1c over 9; average A1c in the group fell from 10.2 to 8.1 in six months
- Review high-risk medication lists for patients leaving the hospital and call each one within 72 hours

Carolina Corner Drug

Durham, NC

Pharmacy Manager

Jun 2021 – Dec 2023

- Ran a store filling about 1,600 prescriptions a week with three pharmacists and eight technicians
- Gave about 4,000 vaccines a season and set up walk-in clinic hours that doubled flu shot volume
- Passed every state board inspection and cut controlled substance count discrepancies to zero for two years

Pitt County Medical Center

Greenville, NC

Pharmacy Intern

Jun 2019 – May 2021

- Took medication histories in the emergency department and flagged dosing problems for the clinical pharmacist

EDUCATION

Tar River University School of Pharmacy

Greenville, NC

Doctor of Pharmacy (PharmD)

May 2021

- Rotations: internal medicine, ambulatory care, oncology, community pharmacy
