Seattle, WA | (206) 555-0189 | elena.petrov@email.com | elenapetrov.com/portfolio

EXPERIENCE

Fenwick Hale Studio

Seattle, WA

Architectural Designer

Jul 2023 – Present

- Produced construction documents in Revit for a 64-unit affordable housing building, from design development through permit
- Coordinated drawings with structural and mechanical consultants and tracked 140 RFIs during construction administration
- Built the daylight and energy models that helped the project reach its Passive House target
- Join site visits every two weeks and write the field reports sent to the contractor and owner

Cascade Line Design

Tacoma, WA

Intern Architect

Jun 2022 – Jun 2023

- Drew schematic options and renderings for three school renovations, two of which went on to construction
- Set up the office's Revit family library, which cut setup time on new projects by about a day
- Built physical and digital models for client meetings and the firm's competition entries

EDUCATION

Puget Coast University

Seattle, WA

Master of Architecture

Jun 2022

- Thesis: mass timber housing for steep urban lots, selected for the school's annual exhibition

Willamette Crest University

Salem, OR

Bachelor of Arts in Architectural Studies

May 2020

- Study abroad: urban design studio in Copenhagen
